

Young Voice Program

MM Student Yuvi Shandy

Represents FEB UI at Berlin Global Dialogue 2024

Berlin, Germany

Yuvi Shandy had the incredible opportunity to be part of the Young Voices Program (YVP) at the Berlin Global Dialogue (BGD) 2024. Alongside over 30 participants from universities connected to the Global Network for Advanced Management, Yuvi gained new perspectives, knowledge, and expanded networks. The theme for this year's BGD, "Building Common Ground," focused on critical global issues like the Ukraine-Russia conflict, the Palestine-Israel tension, climate change, and the struggling global economy.

The event brought together key global leaders, including the President of France, the President of Kosovo, and CEOs from companies like Allianz, BlackRock, and Mercedes-Benz. This forum allowed leaders to discuss solutions to global challenges without the heavy burden of political constraints, offering a refreshing and focused dialogue.

What made the experience even more unique was the opportunity for YVP participants, including Yuvi, to voice their opinions in plenary and breakout sessions, engaging directly with these influential leaders. The group also had the honor of private dialogues with top executives from Bank of America, Deutsche Telekom, and Windigital.

A highlight of the event was the chance to take a group photo with French President Emmanuel Macron and German Finance Minister Christian Lindner, making this a once-in-a-lifetime moment that Yuvi will never forget.
